CURRICULUM NIGHT REVIEW

IMPORTANT INFORMATION

Students created Self-Portraits- Expressing how happy they are to be in school!

Hello Families,

Our parents learned about Creative Curriculum and SEL. Understanding that social emotional learning (SEL) in preschool can enable children to thrive academically, mentally, and physically in kindergarten and through to adulthood. An important component of early school readiness and healthy child development is meeting a child's social-emotional needs in preschool. Preschool social-emotional skills include being able to get along and cooperate with others, manage strong feelings, focus attention, and persist at challenging tasks. These skills deserve focused attention during the preschool years because they are critical for long-term school and life success.
