TREE STUDY

"WHAT DO WE KNOW ABOUT TREE? WHAT DO WE WANT TO FIND OUT?"

Hello Families,

Students had fun counting the trees and comparing their sizes. Teachers help them gather the leaves and sticks that they found, and pictures were taken to compare the childrens heights to the trees' heights!

Home/School Connection: We encourage families to take their children for a walk around their neighborhood to examine the trees they see. Please use a zip-lock bag to gather interesting parts that have fallen, such as leaves, twigs, acorns, nuts, and bark.

Happy Diwali

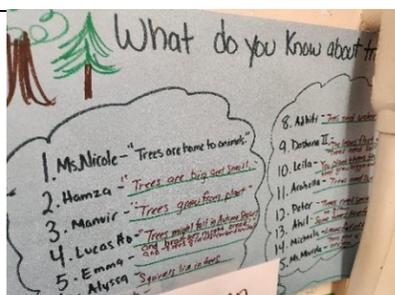

Alyssa- "I am shorter than this tree!"

Students colored, cut, and paste Diyas - a small cup-shaped oil lamp made of baked clay: to celebrate Diwali. Diwali is a Hindu religious holiday, is the celebration of light, making a fresh start, and new beginnings. Many people consider that Diwali marks the start of their new year, enabling them to make plans for a new start, a little like new year's resolutions.

Students were able to take turns passing our class log to feel bark!

Manvir- "The bark is very hard not soft like cotton!"

Arabella- "Trees need water, and sunlight to grow big and tall!"

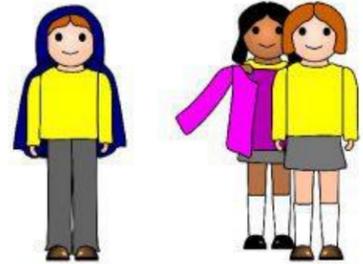

Ira- "I have 4 orange stars, 4, yellow, 2 red and 3 blue all sorted!"

Students learn how to Tally! Which has more? Which has less?

How to put your coat on

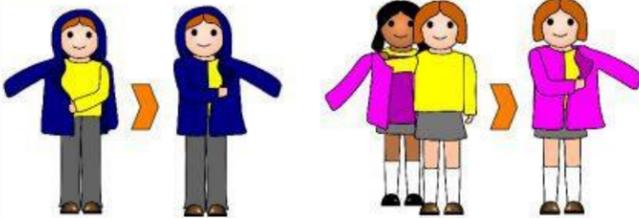

1 Put the hood on your head first, or ask a friend to hold your coat.
